

Meeting Minutes

Route 28 Corridor Feasibility Study
Project No. 11-0845-007
March 28, 2017

A Technical Committee Meeting was held at the City of Manassas, 8500 Public Works Drive, Manassas, VA on March 28, 2017 for the above referenced project.

The purpose of this meeting was to finalize the presentation and handouts that would be provided at Executive Committee Meeting on April 3, 2017.

The technical committee went through the presentation material and confirmed that the recommended changes voiced during Technical Committee Meeting #5 were incorporated. The Technical Committee approved the presentation materials for the Executive Committee Meeting after a few minor changes were incorporated.
